

SIP TRUNKING TEST DRIVE PROGRAM GUIDELINES

Seeing is believing – try it out for yourself!
Limited Time Offer – No Credit Card Information Required!

We're so confident in our product, we'll let you try it free! VOZ's SIP Trunking Test Drive gives you a free trial of the service with your own equipment in the comfort of your offices. You are under no obligation to subscribe or purchase VOZ's services, and you may cancel the Test Drive at any time. This offer is valid for new VOZ business customers in Puerto Rico only. Limit one Test Drive per Company.

Service Requirements for SIP Trunking:

1. The Customer must provide its own SIP-Ready IP PBX or other approved SIP device capable of supporting multiple simultaneous calls. VOZ reserves the right to reject the use of any SIP device it deems unacceptable in its own judgement.
2. The Customer must provide a high speed Internet access connection with the following specifications:
 - a. Minimum 256Kbps upload/download bandwidth
 - b. 0 Packet Loss
 - c. 70ms Round Trip from customer's SIP equipment to VOZ switching network. Test to be run by VOZ network engineer prior to account activation.
3. VOZ will provide technical support with your connectivity to VOZ via SIP. We cannot provide specific support on all hardware platforms. We recommend you refer to your hardware/software documentation, or contact your hardware/software vendor directly.

All SIP Trunking Test Drive applicants are subject to management approval.
Failure to meet the minimum Service Requirements will result in denial of service trial.

What's Included in the SIP Trunking Test Drive:

1. VOZ will provide you with a username, password & server to connect your IP PBX to our switching network via SIP.
2. VOZ will provide you with one (1) temporary DID within the 787 area code for testing. You can receive unlimited calls.
3. VOZ will provide a credit limit of \$5.00 for outgoing calls within Puerto Rico & the United States. Sorry, but international calling is not available during the test drive period.
4. Test drive is limited to 10 days. After 10 days, the username will expire.

Call or email today to setup a presentation from a VOZ representative!
